

# RULES

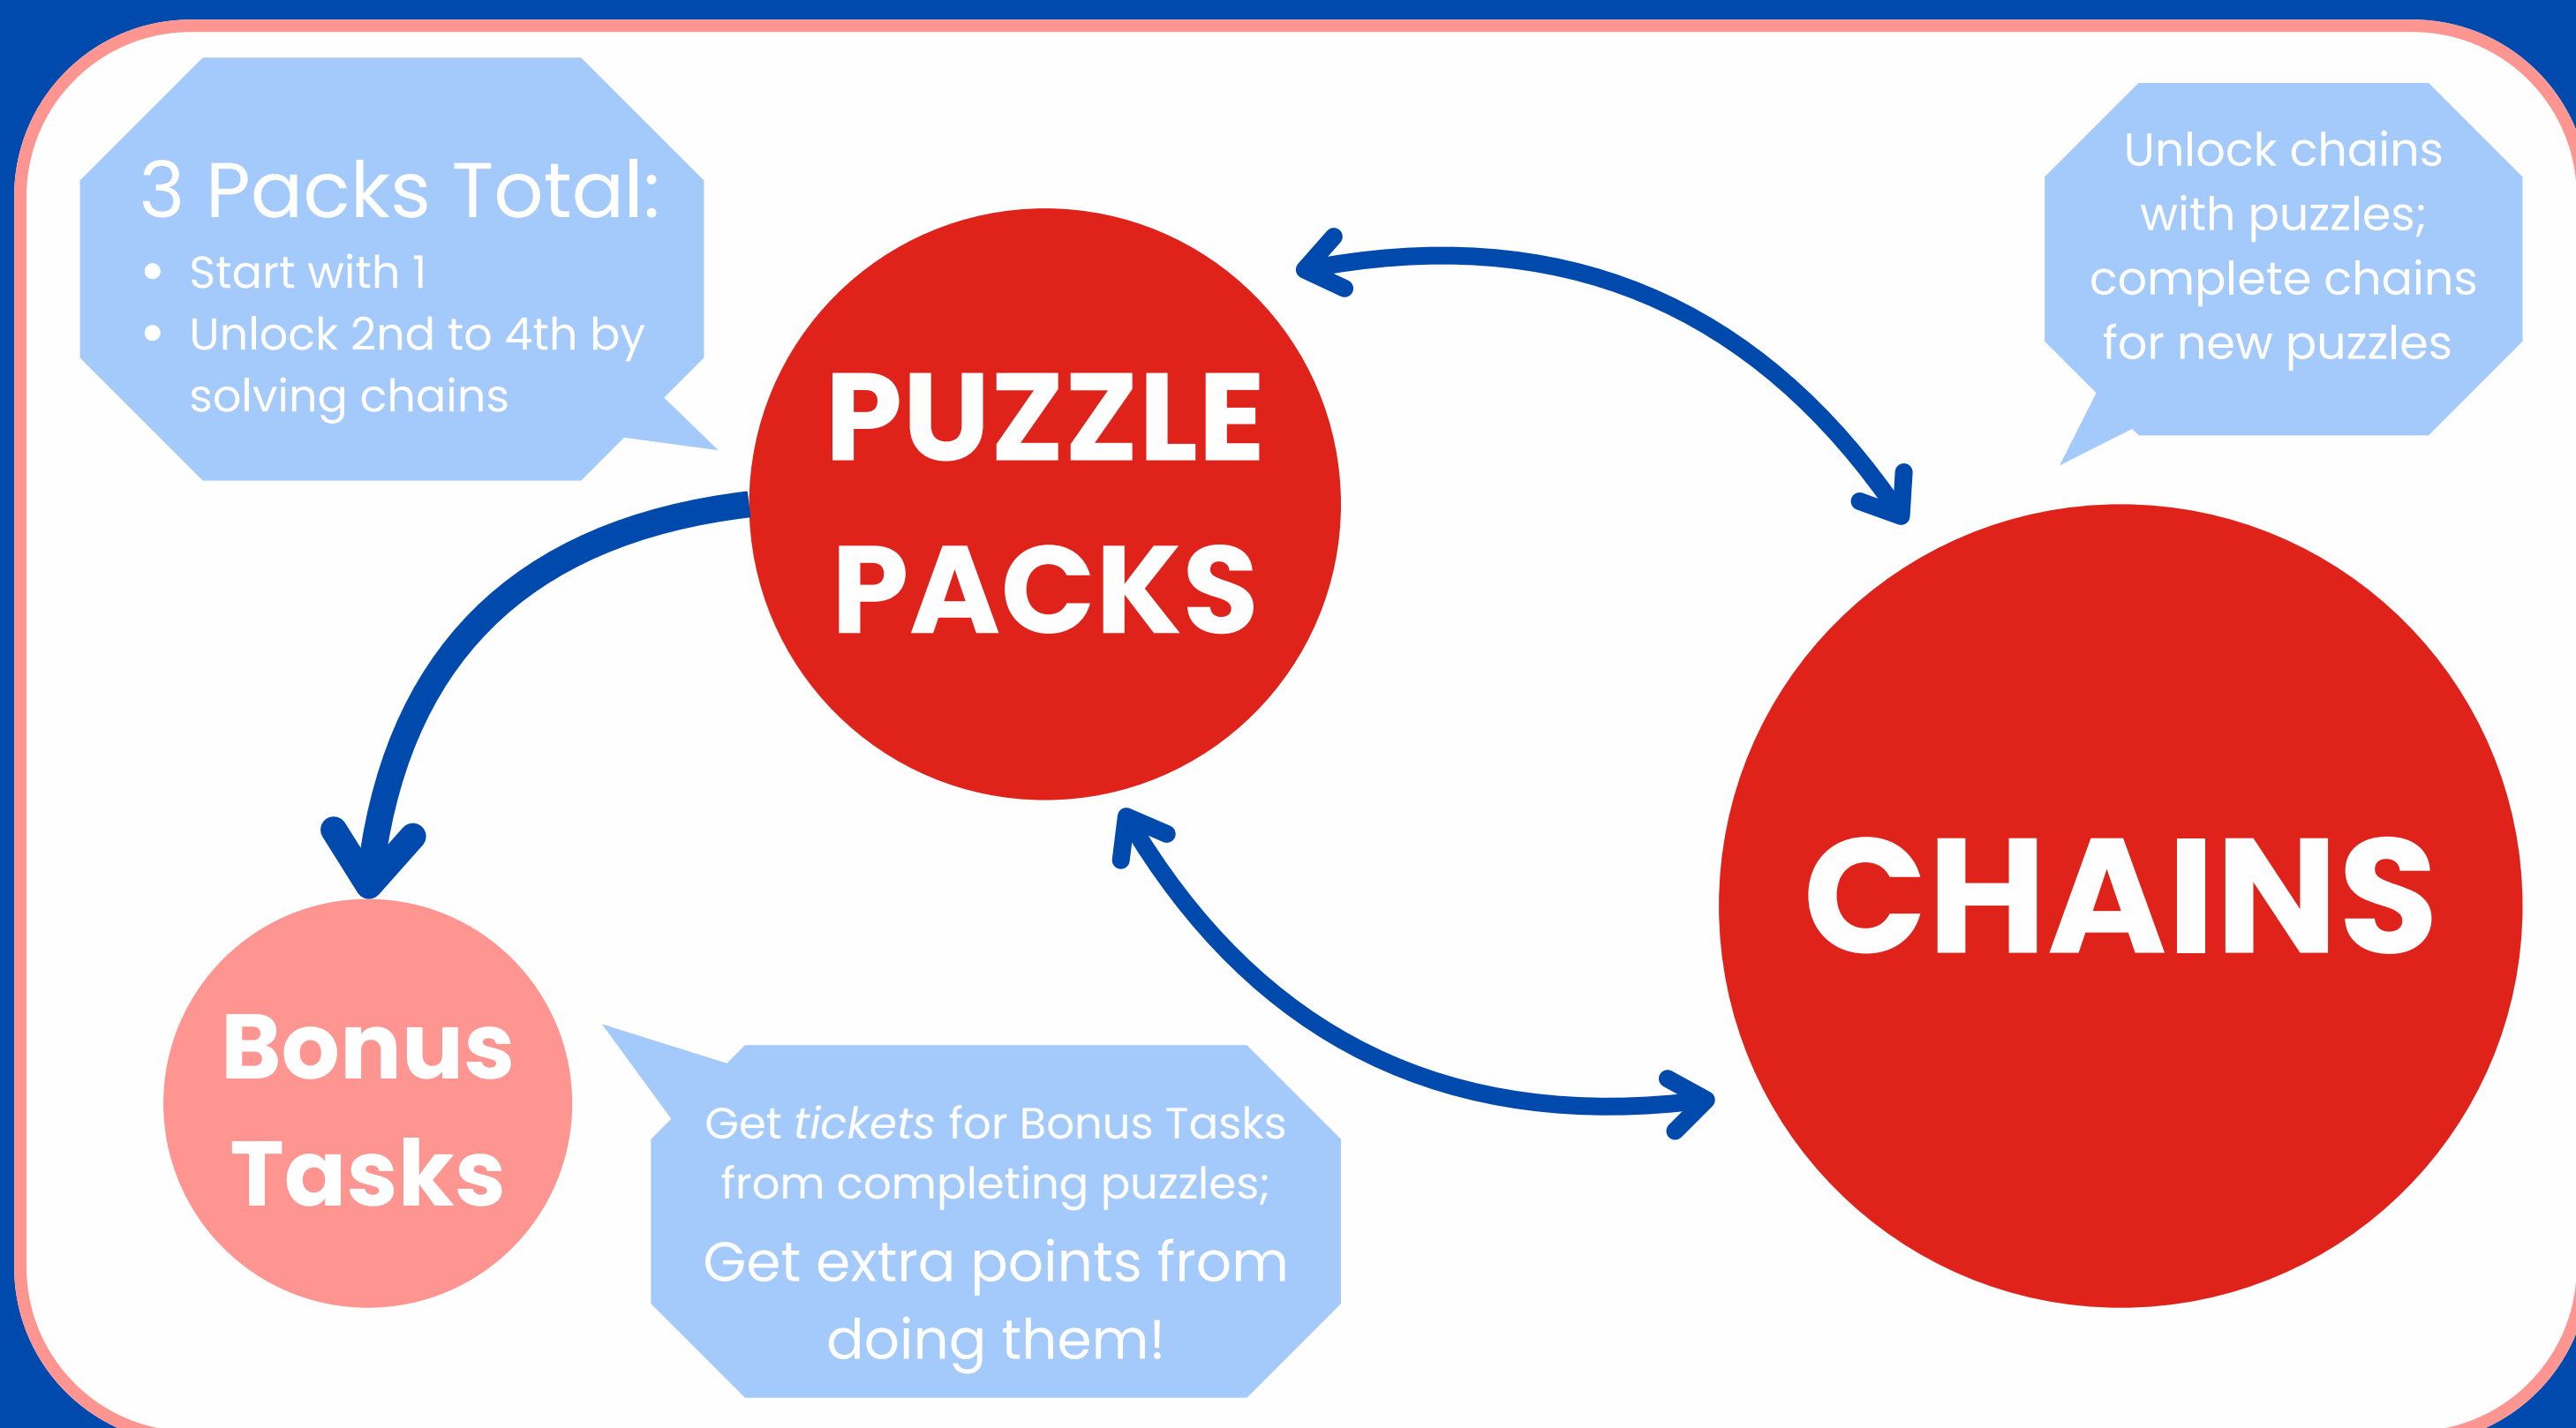

## Start:

📍 Bush House Auditorium (BHA)

🕒 13:00 – 18th September

- Meet committee,
- Game explanation,
- Teams assignment,

**Go to Team Rooms  
and start!**

## End:

**17:30** Hand in last answer sheets/chains

**18:00** Meet at BHA for closing ceremony

# Puzzle Packs:

Each puzzle pack, has multiple puzzles and a answer sheet.

Hand in the answer sheets so the committee can check your answers.

**Each team has max. 10 checks**

In a check which problems are correct will not be revealed but the amount of correct problems will be said

\* Puzzles with ★ are not worth more points but they might take longer to solve!

# Chains:

Chains are essentially treasure hunts with hints hidden around campus.

Clues can be fixed or removable but will all be tagged with the puzzled logo.

A chain is completed when you gain a *Chain Certificate*.

**To get points and more puzzles hand in the certificate and all removable rules!**

\* Incomplete chain clues can be handed in for points

# Bonus Tasks:

Bonus Tasks are gained similarly to chains, as you must complete puzzles to unlock their tickets.

However, they don't unlock nor block anything else.

# Clues:

If your team is stuck in chains, you can go to the marking hub for clues.

Each team has the limit of 3 clues in the entire game.

# Marking Hub:

CUSP Room, 5th Floor, BH(S)5.01

Go there to hand in answer sheets, chain certificates and bonus tasks

# Pointing & Scores:

The final score will be based on the last answer sheet handed in (even if it isn't the one with most right).

Puzzle points will be determined based on how many teams solved them.

Points for a full chain is roughly around the same as a 15 problems or so (for the full formula, see the boring set of rules).
